- Non-Core SSE Brief – 13 pages

The Parties to this litigation have filed two motions to compel against dozens of Original Equipment Manufacturers (“OEMs”) and their affiliates (“Specified Subpoenaed Entities” or “SSEs”). The briefs in support of these motions together are 52 pages long. The SSEs have all been served with the same 35-page subpoena. While there are many issues common to all SSEs, certain SSEs, including non-core SSEs and smaller SSEs, have issues that are not applicable to the group as a whole.

Given the length of the subpoena, the number of SSEs, the number and complexity of the issues raised by the subpoena, and the length of the moving briefs, a single response brief within the 20-page limit imposed by Judge Battani’s Practice Guidelines is insufficient to adequately respond to all issues raised by the Parties’ moving briefs.
